PRESIDENT'S LETTER

Hello Friends of Adlerian Psychology,

While our president is on the road I will fill in with a letter that is, in fact, a serious request to each of you for action. The action I request is for each of you to send, or have a colleague send, a name and address to be added to our mailing list. It may be an e-mail address or a U.S. mail address or both. If you presently are on our e-mail list but would like to receive our communications by U.S. mail, just send it to me at drfxwalton@aol.com. We save a good bit of money when we use e-mail addresses for our conference registration mail out, but our experience shows messages sent by U.S. mail are more likely to be acted upon. Of course, the goal of our Society is not so much to increase numbers per se, but to influence more and more people to make use of the principles and techniques of Adlerian psychology which are so helpful to bringing about cooperative relationships so needed in our world community.

Warmest regards,
Frank Walton
Executive Director
