PRESIDENT'S LETTER

Greetings Fellow Adlerians,

I can think of no point in my lifetime when the world stands in greater need of the message and vision of Adler's Individual Psychology. In the face of normalized selfishness we teach social interest, empathy, and compassion. Instead of communication characterized by rudeness and ridicule, we promote encouragement and appreciation. In place of cold competition, we advocate for mutual cooperation. I don't know about you, but I am really needing and looking forward to the intellectual and emotional recharging and respite that will come from our annual conference. I am looking forward to learning and recuperating there with you.

Phil Morris, President, SC Society of Adlerian Psychology

S. C. CONFERENCE OF ADLERIAN PSYCHOLOGY: SPREAD THE WORD!

The 35th Annual South Carolina Conference of Adlerian Psychology will be held at the Doubletree Resort by Hilton on September 22-24, 2017. As always, each room includes a balcony overlooking the ocean. The featured speaker will be psychologist, Dr. Michael Maniacci. Dr. Maniacci will provide a keynote Saturday morning entitled: "An Adlerian Interpretation of Alfred Adler as Writer and Theoretician: Feelings of Inferiority, Distance, and Compensation." Perhaps equally attractive and practically useful to participants will be Dr. Maniacci's Friday full day workshop "Understanding and Treating Personality Disorders" during which the DSM-5 Personality Disorders will be examined from an Adlerian perspective. The conference program includes 12 workshops and 16 – seventy-five minute presentations offered by many nationally known presenters from six states and Canada. The conference registration brochure is available at our Society's website: www.adleriansc.org Spread the word! We have some valuable principles and techniques to offer people.
